Accessibility Plan

This Accessibility Plan has been drawn up to reflect the current position at Leigh Academy Longfield. It reflects the views of the students, parents, staff and governors of the Academy. The building has been designed to meet and supersede all current access and legislated requirements. Longfield is a highly inclusive academy working together with all the stakeholders.

We are committed to providing a fully accessible environment which values and includes all students, staff, parents/carers and visitors regardless of their education, physical, sensory, social, spiritual, emotional and cultural needs. We are committed to challenging negative attitudes about disability and accessibility and to developing a culture of awareness, tolerance and inclusion.

Leigh Academy Longfield plans, over time, to increase the accessibility of provision for all students, staff and visitors to the Academy.

The Accessibility Plan will contain relevant actions to:

- Improve access to the physical environment of the Academy, adding specialist facilities as necessary. This covers improvements to the physical environment of the Academy and physical aids to access education.
- Increase access to the curriculum for students with a disability, expanding the curriculum as necessary to ensure that students with and without a disability are equally prepared for life. This covers teaching and learning and the wider curriculum of the Academy such as participation in extra-curricular clubs and activities, leisure and cultural activities or visits. It also covers the provision of specialist aids and equipment, which may assist these students in accessing the curriculum.
- Improve the delivery of written information to students, staff parents and visitors with disabilities. Examples might include hand-outs, timetables, textbooks and information about the Academy and relevant Academy events. The information should be made available in various preferred formats within a reasonable time frame.

Action Plans relating to these key aspects of accessibility have been prepared, these plans will be reviewed and adjusted on an annual basis. We acknowledge that there is a need for ongoing raising awareness of disability and access, this will include training for staff, student, parent and governors in the matter of disability discrimination act and the need to inform attitudes on this matter.

The Accessibility Plan should be read in conjunction with other policies including

- Curriculum
- Teaching and Learning
- Equal Opportunities and Diversity
- Equality Objectives
- Staff Development
- Health and Safety (including off-site safety)
- Special Educational Needs
- Academy Prospectus and its ethos and vision

Curriculum policies will address issues of Equality and Diversity. All governors' committees will have regard to matters relating to access.

The Academy's complaints procedure covers the Accessibility Plan.

This plan will be monitored by Governors through the Finance and General Purposes committee of the governing body, and will be monitored by Ofsted as part of their inspection cycle.

Appendix A

Leigh Academy Longfield: Accessibility Action Plan

Development	Area	Targets Strategies	Outcome and by when	Goals Achieved
Curriculum delivery	<p>Classrooms are organised for students with disabilities.</p> <p>The Curriculum reflects understanding and tolerance of disability.</p>	<p>Guidance from specialists (E.g. Specialist Teaching Service – hearing impaired and physical disability) taken in arranging classrooms for maximum benefit to disabled students.</p> <p>The PSE schemes of work and tutor time projects/assemblies incorporate an ethos of being all inclusive. They further reflect opportunities for debate and discussion.</p>	<p>Monitoring indicates SEND taking into account organising the environment for learning.</p> <p>Ongoing throughout the year.</p>	<p>Monitoring indicates SEND taking into account organising the environment for learning.</p> <p>Ongoing throughout the year.</p>
Extra Curricular	SEND students are able to access all clubs/visits.	Learning Support Assistants/Directors of Learning to identify opportunities for students with SEND and actively encourage participation and offer the necessary support for students to be able to do so.	Monitoring indicates increased uptake of clubs by students with SEND.	Disabled students are able to access extra-curricular clubs more effectively.
Delivery of materials to stakeholders	Quality and clarity of written information to stakeholders and is accessible to all.	Personalised letters/telephone calls for identified stakeholders. Use of SEND support staff and external agencies i.e. translators.	Information is accessible to all stakeholders.	Stakeholders with SEND are able to access all information effectively.

Development	Area	Targets Strategies	Outcome and by when	Goals Achieved
Curriculum delivery/delivery of materials in other formats.	<p>Targets on provision maps and passports are personalised and used by classroom staff to aid understanding of support needed (e.g. additional time requirements in practical work) and are planned for during lessons and assessments.</p> <p>Classroom staff have regard to sensory needs and learning styles of students (e.g. diagrams described and visual aids read out loud. Copies of slides and diagrams available to students).</p>	SEND information available to all staff and further training on implementation and differentiation of curriculum required.	Monitoring indicates differentiation in place targeted at SEND and other nominated students.	Disabled students are able to access the curriculum more effectively.
<p>School design for disabled students.</p> <p>Annual Review Undertaken</p>	Accessibility for all disabled students.	Review of accessibility issues and obstacles dependent on need.	Plans drawn up show clearly how disabled access is undertaken.	<p>Issues arising from design of buildings reduced.</p> <p>Disabled students are able to access all physical areas of the new buildings without difficulty.</p>
